1001 Rust Penetrant

Meets MIL-PRF-680C Type II

Quality products start with quality ingredients. Our 1001 Rust Penetrant is a hydrocarbon-based solvent used as a detergent and cleaner for painted and unpainted metal parts.

Mil-PRF-680 is an immersion & wipe solvent for removing adhesives, greases, oils, and sealants. Inherently residue-free. Very low odor. Listed on the QPL to MIL PRF 680 Type II.

1. PENETRATES RUST
2. HIGH PERFORMING DEGREASER
3. CLEANSE-WIPE
4. FREES SEIZED PARTS AND REMOVES RESIDUE
5. ALLOWS EASE OF DISASSEMBLY & REASSEMBLY

DESCRIPTION

Additionally, suggested for use include as a Degreaser to remove residue from and loosen frozen or rusted fasteners, fittings, nuts, bolts, screws, etc.. We recommend that this solvent be used with an appropriate recalculated parts washer. MIL-PRF-680C Type II (low odor, high flash point) is intended for use where a solvent with a higher flash point is desired or required. When this solvent is used indoors, be sure to have proper ventilation to prevent accumulation of vapors above the allowable exposure limits.

ADDITIONAL INFO

Available in

1 gallon can, no NSN
5 gallon pail, no NSN

Typical Characteristics:

Physical State: Liquid
Specific Gravity: 0.79
Flash Point: 145°F (62°C)
VOC: 100%

Note: Products listed are suggestions. The information on this site will not replace your testing and evaluation procedures. Ultimate product selection should be based on your test results and the specific performance requirements.
